

Style Breakdown

Studio McGee

curtainless windows

white walls

studiomcgee • Following

studiomcgee I still can't believe I used to be the photographer for Studio McGee! 🤖 Let's just say I would've been sooooo happy to have had our presets made with @jesskettle back then. Don't forget to use the code: winter25 to get 25% off our preset bundles! 📁: @jesskettle using the 'balance' preset
